Re: Letter of Recommendation On Behalf of Phi Nguyen

To Whom It May Concern,

I am writing this letter to wholeheartedly recommend Phi Nguyen for any future career opportunities he aims to pursue. I have had the pleasure of working alongside Phi for approximately 8 years at B&B Blending and, during that time, I have come to know him as a dedicated and very talented individual with a lot of creativity.

I've found Phi to be highly resourceful and consistent in his deliverables demonstrating exceptional skills in all manner of Graphic Design. He has shown a remarkable ability to properly manage multiple competing priorities with great attention to detail. Phi learns quickly and is always willing to adapt to a new challenge, even in often very difficult circumstances.

I guarantee Phi would be found to be flexible and agile whether he was to find himself contributing as a member of a multi-disciplinary team, a manager, or freelance. I would welcome the opportunity to work with Phi again and thoroughly enjoyed the time I got to work with him and develop a relationship.

All the Best,

Christopher R. Gallahar
